The Answer is always in the Q

The new Q Series with MAT™ always has the sound solution for you

What? The 9th iteration of the Q Series with Metamaterial Absorption Technology (MAT™) and the 12th generation Uni-Q driver array.

How? Whether the question is about the room size, the budget or the application, the Q Series has the answer, with models ranging from compact bookshelf speakers and a slender on-wall speaker to powerful floorstanding and home cinema models.

Why? Perfect for music, TV, movies, and gaming alike. Impeccable, high-fidelity sound is more accessible than ever.

Listen and believe

MISSION

Music leads,
Technology Follows
Mission applies the
latest music technology
to loudspeaker designs
resulting in some of
the most acoustically
rewarding HI-FI Speakers
on the Market.

MISSION

Mission 750 2-Way Bookshelf Speaker

Following in the footsteps of the award-laden flagship Mission 770 – which also heralded Mission's return to UK-based manufacturing – and even more recently, the Mission 700, the all-new Mission 750 brings the award-winning 'modern-classic' design to a whole-new price-point and category.

Available in Black or Walnut.

\$1,999

MISSION

Mission 778X Integrated Amp

Today's Mission 778X maintains the influence of simplistic operation, large tractile controls, and a multitude of inputs. It's a compact, '80s inspired integrated amplifier that is fully equipped to meet the demands of modern music lovers, from vinyl fans to digital streamers.

Vincent

SV-200
Integrated Amplifier

With the SV-200 we present the little brother of the SV-237MK and the SV-700. Despite the compact construction only a few compromises had to be made. A high dynamic and a low noise level stand out for this amplifier. The music signal is conditioned through two 6N1 tubes.

Available in Black or Silver.

\$1,699

Vincent

PHO-300
MM/MC Phono Preamp

The Vincent PHO-300 is a high quality MM/MC phono preamplifier for connecting a turntable to any line input. It is the perfect solution for anyone who wants to experience a high degree of musical enjoyment on a budget. But don't confuse this with 'entry level' phono stages from other manufacturers.

Available in Black or Silver.

\$699

Vincent

PHO-701
MM/MC Phonostage

The consequent enhancement of our succesful tube phono preamplifier, the PHO-700, has now the possibility to make exact adjustments for the pick-up cartridge through DIP-switches. Additional USB port which gives you the possibility digitize your Vinyl treasures (max. 24 Bit / 192 kHz).

Available in Black or Silver.

\$1,599

Vincent

CD-200
Hybrid CD Player

With the CD-200 we present the perfect match for the SV-200. The music signals which are converted by the excellent Burr-Brown chip PCM176, are being prepared by one 6N2 tube for smooth and natural sound.

Available in Black or Silver.

\$1,999

Vincent

German engineering and know-how guarantees highest-quality musical reproduction. All product development takes place in Germany. All products feature valve pre-amps for richness and character.

Vincent

CD-S1.2
Hybrid CD Player

The CD-S1.2 plays CDs and offers the possibility to process external, digital signals via an optical, coax or USB input. In the analog section the signal is conditioned through two 6N16 tubes which are responsible for a homogeneous and distinctive sound.

Available in Black or Silver.

\$3,699

Vincent

SV-228
Integrated Amplifier

The SV-228 is the consistent further development of one of our successful amplifiers series in the Power Line. In a complete new design, with a VU meter embedded in the front panel, the SV-228 is the legitimate successor of the SV-227 MK.

Available in Black or Silver.

\$4,999

Vincent

SV-237MK II
Hybrid Stereo Amplifier

The third edition of our successful model is presented in a completely revised design. The SV-237 MKII appears more modern and elegant than its predecessors, now also with the connection possibilities. In addition to two digital inputs, there is also Bluetooth input. The unique circuit uses two 6N1P NOS tubes in the preamp section, giving the sound naturalness, musicality and warmth.

Available in Black or Silver.

\$5,499

Vincent

SV-700
Hybrid Integrated Amplifier

The SV-700 offers consistent symmetrical design to minimize crossfeed and achieve a better distortion factor. In the pre-amp, 3 tubes per side work with the Shunt Regulator Push-Pull concept to process the sound signals. This ensures more precise bass reproduction and a better performance in the mid and high level sound range.

Available in Black or Silver.

A'Diva Droplet Sphere Pendant Speakers

Our Droplet pendant speakers are the antidote to bland boxy speakers and faceless in-ceiling varieties. The A'Diva version of Droplet provides half an octave of extra bass, allowing it to be used without a subwoofer for some applications.
